Re: Long Branch, NJ

Tom/Lehi,

We have completed the installation of the radio system in Long Branch, our first project with your product.

I am very pleased to announce that the NSG units are performing perfectly, and that the customer even called us to indicate that and their satisfaction.

I want to thank both of you for all of your time and technical expertise in assisting us with this project, as we are looking forward to deploying many more units and systems.

Thanks again!
